ABOUT ME

8th-semester Systems Engineering student at San Buenaventura University Cali and leader of the PADIA research group. Experienced in Artificial Intelligence and web development, with strong skills in Python, Java, JavaScript, PHP, SQL, and databases. Participant in academic events such as the IV Colombian Statistics Congress. Known for a collaborative and proactive mindset, strong communication skills, and the ability to lead teams, adapt quickly to new challenges, and approach problems with analytical thinking and effective problem-solving. Eager to apply my knowledge, contribute to impactful projects, and continue growing professionally.

EDUCATION

- **Systems Engineering** – San Buenaventura University Cali Exp. 2027
8th semester

TECHNICAL SKILLS

- **Programming:** Python, PHP, Java, JavaScript, SQL
- **Frameworks & Tools:** Flask, Django, Git, TensorFlow/Keras, Pandas, NumPy, Docker
- **Specialization:** AI, Web Development
- **Databases:** PostgreSQL, MySQL, MongoDB
- **Methodologies:** Scrum

PROJECTS & ACHIEVEMENTS

- **IV Colombian Statistics Congress (2025) – Team Leader | Bogotá**
Presentation of SAID, an intelligent early warning system for dengue analysis.
- **PADIA Research Group – Leader (2024–Present)**
Leader of a university research group focused on programming, data analytics, and Artificial Intelligence, coordinating projects and mentoring students.
- **Colombia 4.0 Hackathon – 1st Place | Cali**
Participated in the design and development of intelligent agents to solve real-world challenges, achieving first place. The team was later invited to Bogotá to compete in a national-level hackathon, where we obtained second place.
- **Global LegalTech Summit Hackathon – 3rd Place**
Participated in the development of *LexIA*, an AI-driven LegalTech solution that leverages artificial intelligence to improve access to and understanding of legal information.

PROFESSIONAL EXPERIENCE

- **Seeking first professional experience in tech**
Background in research leadership, academic presentations, and hands-on AI and web development through PADIA.

RESEARCH & ACADEMIC CONTRIBUTIONS

- Speaker – **IV Colombian Statistics Congress (2025):** *"SAID: An Intelligent Early Warning System for Dengue Analysis"*.
- Upcoming publication with **IEEE** (Amitic 2025): *"Evaluating Memoized Dynamic Programming and Greedy Best-First Search for Mobile Robot Path Planning"*.
- First author leader – **ColCACI 2025:** *"EndanSys: An AI-based Tool to Identify and Analyze Endangered Species"*.

SOFT SKILLS

- Self-directed learning
- Personal organization
- Collaboration
- Project management
- Analytical thinking
- Communication skills

LANGUAGES

- Spanish – Native
- English – C1
